VERITAS Ava

A MOTIVATING COMPANION

Original ideas need to be put into practice. The VERITAS Ava provides the motivation to go from ingenious idea to finished garment. With twelve variable programs, two integrated thread spool holders and a slim free arm, the freshly designed VERITAS Ava is simply fun. A machine for intuitive sewing, from fabric to dress.

It starts with sewing

With the VERITAS Ava's utility stitch programs, every seam fits immediately, whether it's on fancy clothes, imaginative accessories or unique gift items. Beautiful decorative stitches give you even more room for creativity. Two expandable bobbin holders even let you work with a double needle to give your work a professional touch.

Prepared for anything

Because sometimes you have to be quick, the VERITAS Ava is equipped with practical features: complicated threading is a thing of the past with the integrated threading aid.

And with the thread trimmer, you don't even need scissors to sew. The automatic thread tension and the precision of the lower feed dog ensure beautiful, even seams without unwanted creases.

A look at the essential

If you sew with concentration, you have the needle in sight and all settings under control. With the bright stitch selection display and the fold-out stitch overview, the VERITAS Ava gives you that pleasant feeling of control. When it's late and you're working undisturbed, the glare-free LED sewing light ensures a perfect view of your work.

A motivating companion

She was considered one of the most beautiful women of her time: hair as black as ebony, a curvy mouth, a slim waist. And she was one of the best actresses of her generation - Ava Gardner. Wherever she appeared, there was pure glamour, not only in front of the camera but also behind it. Her weddings made headlines and her outfits were copied thousands of times. Perhaps our VERITAS Ava will also inspire many people to do exactly what they want.
